 USP MATCH STAINLESS

USP MATCH STAINLESS 9mm x 19

HIGHEST ACCURACY FOR THE TARGET SHOOTER

Based on proven USP technology, the USP MATCH has been developed as a highly accurate target pistol offering excellent value for money.

The compensator weight, the adjustable LPA click sight as well as the improved trigger characteristics with Trigger Stop make it the gun of choice for the target shooter, especially in the Centerfire Shooting Contest. It is available in stainless steel or standard blue versions.

Pistols	Caliber	Length (mm)	Barrel length (mm)	Sight Radius (mm)	Height (mm)	Width (mm)	Weight excl. (g) magazine	Single action (N)	Double action (N)	Sights	Magazine capacity (cartridges)
